

The Kyoto City Hall's Front Square Bicycle Parking

Location : Kyoto City, Kyoto

Completion : December 2015

Owner : Kyoto City

Installation in the municipal office premises

2 ECO Cycle units were installed on the premises of City Hall for local commuters and shoppers as a part of City Hall renovations. The ECO Cycles were constructed within a minimum working space to avoid disturbing the busy city hall square which hosts frequent public events. The ECO Cycle entrance booths were designed to be sympathetic with the historical Kyoto City Hall building.
